

During the Job Alike Workshop (JAWS) there will be an opportunity to network with teachers from other FOBISIA schools to share good practice, new skills and knowledge within the secondary age range across all aspects of Design Technology.

We would like all attendees to actively participate throughout the two days. The full agenda including workshops will be completed once all of the participants are registered. Possible workshops could include:

- Individual skills workshops
- Planning to teach IGCSE and A Level DT
- STEaM curriculum inclusion
- F1 in Schools
- Effective assessment to show immediate progress
- International competitions

Other suggestions are welcomed!
